Dear Dr. Tran,

I am delighted to formally invite you to visit Institute of Meteorology and Climatology at University of Natural Resources and Life Sciences (BOKU) during the period from June 1, 2022 to June 30, 2022 for a research visit in order to plan the implementation of our collaborative project "*Estimating the ecological requirements of Panax stipuleanatus for developing indices to map cultivation zones for high quality and yields in the northern mountainous region of Vietnam*" submitted to OEAD (www.oead.at). Your visit will significantly enhance our existing collaboration, based on your PhD study at BOKU, which was successfully finished in 2018.

Sincerely,
